THE S.A.V.E. METHOD

BECOME PORN-FREE NOW!

Introduction

Welcome to "Better Sex & More Confidence with the S.A.V.E. Method" – a transformative journey towards breaking free from the most common barrier to your fulfilled sex life – porn use. In this eBook, you'll learn how to break free from this disempowering habit (or even addiction). Becoming PornFree is vital to fostering unshakable confidence, upleveling your sexual experiences and to unlocking deep and profound intimacy with your partner.

The allure of pornography can create a veil of illusion, hindering authentic connections, undermining self-esteem and having a blockage of shame around your sexual expression. Masturbating to porn is automatically conditioning you to subconsciously see women as sex objects, and to be caught in premature ejaculation and superficial sex. You are constantly wasting your powerful masculine essence (aka. your sexual energy and your semen) into a tissue with that old habit. By consistently practicing the S.A.V.E. Method, you can pave the way for life-changing experiences, allowing you to reclaim your power, find genuine connections, and create a truly fulfilling sex life.

The S.A.V.E. Method

The S.A.V.E. Method offers the keys to break free from the grip of porn use / addiction, unveiling a path to newfound confidence and intimate connection.

S: Stop the Momentum

When the urge to watch porn strikes, halt it right in its tracks. Refuse to entertain the thoughts that lead you astray. Catch yourself in the moment and take action on one or more of the following steps until you successfully redirected your focus and your energy with doing these things that serve you.

A: Awareness

Cultivate Awareness: Reconnect with your heart and body. Have a refreshing ice-cold shower or do a breathwork session. Breathwork is very powerful in bringing your awareness back into your body and in changing your state. Ground yourself in the present moment, away from the enticement of pornography and your unconscious masturbation habits. **Keep looking out in your email inbox, as I will be sharing my guided Peaceful Power Breathwork Session MP3 for Free with you soon, which is perfect for this!**

V: Vulnerability

Embrace Vulnerability. Recognize that the urge for porn masks a genuine need for human connection. Call a trusted friend and share vulnerably about your feelings. You can share about your journey towards becoming #PornFree or simply connect and talk sincerely about what's on your heart. If you don't have someone consider, working with a mentor or coach for this.

E: Exercise

Engage in Exercise. Shift your focus by becoming physically active. Do 5 sets of push-ups, head to the gym, or embark on a brisk run outside. In case the urge persists, go all-out with burpees - no one thinks about porn after a bout of burpees!
